Defendants

I am coming to the Courts seeking relief from Violation of rights and mistreatment by jail administration, Medical and Deputies: On Jan 5, 2008 I was arrested and lodged in the County jail, Upon entering the County jail I was interviewed by medical staff about medical issues, I only told them about the psychotic medication I was taken when I was with Michigan Department of Correction in 03 until I made out in 12-27-07, Dr. Jacob went on the internet and seen where I used to take Zocor for high Cholesterol and ordered the medication without my consent, I was given this medication, because I asked the Nurse that passed out Medication what was I been given, I was told psychotic meds. When I really found out what it was medical staff had played my account for \$15.00 from 1-8-08 until 3-13-08, How Can a Dr. Write me a prescription without asking me if I wanted the Medication?.. Two I was put in Max security where the heat and the Window were broken out, the jail administration refused to move the four people in the block, the County Commissioners was contacted and the jail administration was very upset, I file a Complaint with the Commissioners.

on 3-18-08 before that we were given as many as five blankets to keep warm, we were told by first shift, Classification Sgt. and second shift Sgt. that they were not going to move us, they were prejudice because we were all black inmates, in the process I have had serious pain in my left shoulder & real serious pain in my right shoulder to where I can't even sleep at night, I was given some tylenol, anti-inflammatory medication, it didn't work, so I've been requesting to see the Dr. again since 5-1-08, 5-19-08, 6-4-08, 7-5-08, 7-8-08, 7-10-08 and on 6-22-08 I sent Rita to Capt. Singleton about my arm & shoulder, Medical has still refused to see me, because they want me to pay them two dollars, & eight dollars to see the Dr. I've seen them the first time I see the Dr. there is no need for me to see them again for \$2.00, they have also stolen \$29.93 from my account I owe them \$40.00 for seeing the nurse and Dr. about my arm. Third I have lost a lot of weight since I've been here, I came in weighing 176 lb. and now I weigh 145 and still losing weight, the Dietician claims he feeds us 2500 calories a day that's the reason we the inmates are losing weight, I cooked in the Army and 2500 calories for all three meals there's something wrong with that, the body requires a certain amount of sugar a day, all we get is pears, peaches, oranges and apple this is every day, no real dessert like cake, when we get served hot cereal or cold cereal there's no butter nor sugar basically one or the other for breakfast. So I come to the Honorable Courts seeking medical benefits for treatment for my shoulders which was caused by negligence of Sheriff Lawrence Stelma, The County Commissioners and the Jail Administration, Medical Staff with Prejudice that manifested injustice that resulted in me suffering rediculous Pain and not being able to sleep, I've exhausted all administrative, I was denied a Grievance form, if they run services for Chronic Care than I should have not been charged for the Zocor. I am seeking 3.12 Million dollars for damages

and \$76,000.00 in punitive damages, I pray the honorable Court will grant me relief of damages and seek to be lodge in a Near by County Jail because of being denied Medical treatments. Medical Staff has taken money from my account without explaining why the money is taken, they are Violating there own policy, because we are in supper Med and can see the policies they put up in one man and four man, untill we go out for hair Cuts. Medical has Cause me stress, depression, sleepless night and Considerable weight lost, and seek permant assistance with medical treatment of my Shoulder.

Sgt. Burnheart, Sgt. Fleming
The Head Nurse and Nursing Staff
Co-Defendants

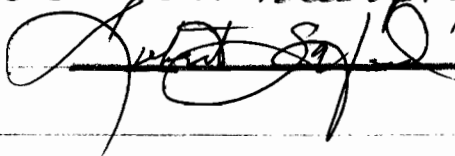

The Kent County has a Grievance procedure, but will not allow inmates to realize the procedure. There are serious problem that lies with in the Administration and Deputy, Administrative Segregation Unit is not punitive, but can receive regular visit and can use the phone between 8:00 AM to 5: pm to contact in to talk to your attorney, we are being denied access to our attorney. I was placed Disciplinary Segregation Unit for a total of 25 days, I haven't had any write up since being here, but when time for me to leave I was not allowed to leave. Sgt. Burnheart is in Charge of Classification and is very biased toward me. Since I have been incarcerated I have lost a considerable amount of weight on a three meal 2,500 Calories, but in Disciplinary Segregation four are feed breakfast Unsweeting Cereal (No sugar) Four slices of bread with butter, Orange juice, Lunch four slice of bread, two butter, one Cold piece of bologna, orange and milk, Dinner two Burger King patties, four slice of bread, one baked potato Cold and Collard green or green beans out of cans or frozen bag just barely heated. Also accounting office has skimed \$54.93 from my Veterans Check and want response as to why the is being taken, I've asked for a Grievance, but was told Medical is not an issue if you can Gricken I am also seeking an injunction to remove me from DIA after I do my disciplinary time which is up 9-3-08, The staff here has caused me serious pain in my shoulder I can't even sleep at all, the Dr. Write's medication for me, but for only two

{page 2 of 4}

Weeks, that's so when I Kite them about the Meds. they Can Charged me
 \$2.00 for the Nurse, \$8.00 for the Dr. and five dollars for Medication
 and they know by me being in DIA they Keep Cold air blowing in the Vents
 at all times, my shoulder hurts like hell, back in Jan. of 08 I was in
 a four man Cell where the Window was broken out and the heat did
 not work, we the other three inmates asked repeatedly to be moved, but
 was denied, so finally 3rd shift Sgt. told the Deputy to issues us extra
 blankets, one inmates Mother contacted the County Commissioner, but didn't
 change any thing, so finally in April with only two of us left in the
 Cell they finally moved us, but not before I sustain damages to my
 shoulder where is warm it hurts, but not as bad compare to where it's
 really Cold at, you are Not supposed to, but I have to plug my Vents up,
 because if I dont I would be in tears, Also my Water in my Cell has
 been Cut off since 8-24-08 because I threw a Milk Carton of water on
 a trusty for telling me he was going to spit in my food. These are the
 dates and Shift my was supposed to be turn on for 1 hrs and Not. Water turn
 off 8-24-08 at 8:pm, on 8-25-08 3rd shift turn water on at 4 Am for 1 hrs,
 1st shift on 8-25-08 did Not turn water on at all, 2nd Shift turned water
 on for 1/2 hrs, 3rd shift turn water on for 1 hrs, 8-26-08 1st shift would
 Not turn water on at all, then finally around 10 Am water on for 1/2 hrs, 3rd
 shift turned water on for 1 hrs. then at 4: Am for 1 hrs, 8-27-08 Water for
 1st shift Never turned on water all day, 2nd shift turned water on around
 7:pm, 3rd shift Never turned water on at all, 1st shift No water at all, 2nd

 08, 8-29-08 1st shift No water at all, 2nd Shift turn water on once for
 10 minutes that's all, 3rd shift No water at all, 1st Shift 8-30-08 No
 Water, Now my water has been off for 8 day, because of a Cup of water

I threw on a trusty for threatening to spit in my food, Now for flooding they turn off your water off, but for throwing a milk carton of water and my water has been off for 8 days. Deputy are suppose to log in on a sheet when they turn my water on, but when I ask it only cause a problem, again a write up only keeps me here longer, so I stop asking and start keeping records myself. Sheriff Lawrence Stelma, the Under Sheriff and the Administration has no clue as to how African American and Hispanic are being treated by staff. There are staff here that knows about Deputy's behavior has seen and witness it, but because of their job will not go forward to the Jail Administration, but in the meantime the inmate suffers. I also seek and pray for a Court Order to get the Jail Administration to serve the same food as the rest of the population in Disciplinary Segregation Unit also D S U, the two bags breakfast, and lunch, Breakfast Unsweeten Cereal, four slices of bread four butter, one orange juice and milk, for lunch one orange, four slices of bread, 4 butter, one cold piece of Bologna, for dinner two burger King patties four slices of bread, two butter, one baked potato half done, Car Collard green or green beans heated up and put on tray, milk. This is extreme cruel and unusually punishment. I am also seeking

Now for flooding they are suppose to turn your water off but didn't, and now for throwing one Carton water, they are keeping my water off for ever. This Sheriff Lawrence Stelma, the Undersheriff and the Administration has no clue as to how inmates are being treated by deputies, there are staff here that works with medical I don't want to give names right now, for fear of retaliation and that's what they are affired off, but if this goes to Court, I will be forced to call them as witnesses. Also I see a Court order to have Jail Administration to provide the same food trays to Disciplinary Segregation Unit also DSU we received bag breakfast, lunch as I mention in my Complaint, which is cruel and extreme unusual punishment. I am also seeking 2.18 million from medical staff, and Dr. Jacob I am seek in damages \$500,000.000.000 I will also include punitive damages. I pray that the Honorable Court will grant my two injunction and allow me to proceed in Court with my Civil litigation Suite.
